Dear Parent/Carer,

RE: Parent/Carer Engagement Evening – Study Skills

At Dixons McMillan we will do whatever it takes to ensure that our whole community is highly employable and ready to lead happy and successful lives. We believe that in order to achieve this we need to work with families and communities to ensure that our scholars are prepared for their futures.

It is clear that since starting the academic year the scholars at Dixons McMillan Academy have successfully demonstrated that they have a growth mindset and many are already beginning to climb their mountain towards university or a real life alternative.

Cycle assessments are a very important part of your child's time at Dixons McMillan Academy, this is why the main aim of the session is to help you gain a deeper understanding of exactly what it is that you can do to help ensure that your child is ready when the time comes. Secondly, it will give you a chance to ask any questions that you might want to in relation to your child's work and study both at home and at school.

In order to ensure that all scholars are making maximum progress, I would like to invite you to attend Dixons McMillan Academy to meet senior members of staff and colleagues. The following table shows the upcoming parental engagement event here at Dixons McMillan Academy.
