### Year 10 Cycle 3 Mock Exams

Dear Families,

Firstly, I would like to thank you for your continued support in ensuring your child upholds our core values of resilience, integrity, and courtesy to ensure our school is a place where everyone feels welcome, and everyone succeeds.

A reminder that we will have a parents' evening on **Tuesday 20 May** so that subject teachers can support students with revision planning. There will be a presentation from the leadership team at the start of the evening so please attend this if you can. You will be given strategies and resources to help you to support your child with revision over the holidays and in the run-up to their first GCSE mock exams.

We will be holding optional drop-in booster sessions after school next week to support Y10 with specific subjects. Students can stay behind for additional revision support next week.

**Monday** – Science

**Tuesday** – Parents' Evening

**Wednesday** – English

**Thursday** – Spanish

**Friday (before school)** - Maths

At Dixons McMillan, we use assessment to make inferences about student progress and to ensure that all students receive the support they need. Teachers will analyse students' performance in these assessments in order to plan the most effective interventions in class.

Please can you help your child to prepare for these assessments by

- Providing them with a quiet space to revise
- Ensuring that they attend all after-school interventions
- Discussing their Mock assessments with them
- Guiding them to use their revision material and 100% folders
- Talking to them about their concerns or fears.

Please see overleaf for the schedule of assessments and the topics they will cover.

We would like to wish all our students the very best of luck and continue to thank you for your ongoing support.

Yours faithfully,

**Lydia Gayle**  
Vice Principal
