

March 2026

Dear families,

### **Year 11 Mock 2 Results morning and Easter revision**

In order to give a more real experience to our Year 11 students we will be running a Mock 2 Results morning on **Friday 27 March**. This is in addition to the parents evening which will now take place on Thursday 16 April after the Easter Holidays.

#### **Mock 2 Results Morning (Friday 27 March)**

We are encouraging families to come in with students, where they will be able to collect results in the same way as they will in August. There will be an opportunity to celebrate results together, with students later being given feedback as a year group highlighting successes and next steps.

Students will be starting a little later than usual, with 'doors open' from **08.30** at which point advisors will be ready to meet students with their families and to hand out results.

Results will be available until **09.25**, with all students expected to be in by **09.00** at the very latest. At 09.25 families will then need to leave, in order for students to start their academy day.

During the morning, Students will be given details of the topics which appear in the exams for each subject as well as a list of key topics for each subject based on the recent mock examinations which students should focus on during Easter as a priority. In addition to this, details of plans for in school revision sessions over the Easter break will be shared through individual subject teachers. Heads of Department will inform students and families of who is expected to attend via letter or the **My Child At School app**.

#### **Education Record App**

On the results morning and during parents evening we will be supporting Students to enrol with the '**Education Record**' app. Students will need to have their phone with them (with access to data) on one of these occasions and they **MUST** have the app installed before arriving (see poster overleaf).

We hope that you will be able to support this event, and we look forward to welcoming you to the academy on Friday for Results morning, and on the first Thursday after Easter for Parents evening.

Thank you for your support.

Yours faithfully,

**Paul Murray**  
Vice Principal

# Have you got the Education Record app yet?

1

**Download app**
